PROFESSIONAL SUMMARY

Dedicated and results-driven individual seeking a challenging position as a Full Stack Developer where I can apply my skills in Python, web development, and database management. Eager to contribute to innovative projects, collaborate with a dynamic team, and continue expanding my knowledge in a growth-oriented environment.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, React JS, Angular, jQuery, Bootstrap 5
- Backend: Python, Django, Flask
- Databases: SQLite, MySQL, MongoDB
- Other: Ajax, OOPs, Git, Jira, MS Office

EXPERIENCE

- **Python Full Stack Developer Intern**
Quest Innovative Solutions, Calicut
Internship Period: 10/2023 – Present
Currently undertaking an internship as a Python Full Stack Developer.

PROJECTS

- **Gym Management System**
Developed a web-based Gym Management System using Django, Python, HTML, CSS, JavaScript. The system features member and trainer registration, measurements tracking, automated attendance check-in, secure role-based login for admins, members, and trainers, membership management, payment, workout and diet assignment by trainers.
